To Whom It May Concern:

I am writing this letter on behalf the LINKS Program and George Golden who helps to facilitate this wonderful program to our community. As you may know this program helps to provide much needed emergency food for families and individuals as they work to better their personal situations and seek long term assistance. I have personally worked with Mr. Golden and the Sheriff's Office has received many of these emergency food boxes, that we have given to those in need, that we encounter all to often in our daily service to our community.

Any assistance that you can give to the LINKS Program will be a direct service to those in our community who are truly in need.

Respectfully Submitted
